#### **Note to parents:**

**Write the names of any other individuals who may come to pick up your child from after-school care on the rear side of the form.**

Any other person picking up your child will always have to show their identity card. This is to ensure the safety of your children as they leave after-school care.

A written note from the child's parents is necessary, if a child needs to be released from after-school care at an earlier time than that stated in the registration form. Telephone notification will not be taken into account. The parents will assume responsibility for their child as of that moment and once the after-school care has concluded for the day.

#### **Information on how the after-school care works constitutes part of the registration.**
