

## Informed consent

As the legal representative, I hereby grant my consent to the **Primary School** ..... (hereinafter the "School") for the collection, processing and recording of personal data and personal sensitive data about my child \_\_\_\_\_ date of birth \_\_\_\_\_ within the meaning of the GDPR Regulation and the GDPR School Policy. I only give my consent to the processing of personal data that is necessary for the work of the School and to the extent necessary for the fulfilment of the stated purpose for

- keeping the necessary medical documentation;
- performing psychological examinations;
- making and publication of data and photographs in School promotional materials, including School website;
- organizing school and out-of-school events (trips, outdoor school camps, excursions etc.);
- accompanying pupil to and from School.

I grant my consent for the entire period of my child's education at this School and for the time allowed by law for their processing, scientific purposes and archiving. I grant approval only to the School, which may not provide these personal and sensitive personal data to other persons and authorities except in cases provided by law and must protect this information from unauthorized or accidental access and processing, from alteration and destruction, misuse or loss.

I have been advised of my rights, in particular of my right to withdraw this consent at any time, without giving any reason, about the right of access to these data, the right to correct them, of the fact that the provision of personal data is voluntary, the right to be told which personal data have been processed and for what purpose. I also confirm that I have been advised that if I find or believe that the Administrator or processor is processing personal data in conflict with the protection of privacy of the data subject or contrary to law, especially if the data is inaccurate with respect to the purpose of their processing, I may request the above institutions for explanation and request that the Administrator or the processor remedy the situation. In particular, this may concern blocking, correcting, supplementing or disposing of personal information.
